It is with great pleasure and enthusiasm that I would like to once again extend warm greetings and best wishes to our residents and guests. Having the opportunity to serve as Mayor of Huntsville during these tremendously exciting times for our community is a distinct honor and privilege. I am confident that our residents and guests will quickly realize the immense progress we have made collectively and collaboratively throughout the past year alone.

The 2010 G8 Summit is sure to leave what will amount to an unprecedented amount of infrastructural legacy for a community our size. Significant advancement has been made on several of Huntsville's G8 capital initiatives. Plans and preparations have given way to construction and development. By the time the summit has come and gone Huntsville will be home to what is now known as the Summit Centre, a \$20 million expansion to the Huntsville Centennial Centre. This building alone will house an Olympic sized ice rink, fitness facility, indoor track, therapy pools, swimming pool and plenty of space for children's and seniors programs. Conferences and receptions will have plenty of space as well.

Huntsville can also look forward to the opening of Conroy Park this spring. Outfitted with a professional grade running track as well as an artificial surface for soccer and field sports, I am certain that all of our residents, young and old, competitive or recreational, will be delighted with our new cutting edge sports park. Additionally, in keeping with our commitment to enable and foster healthy, active lifestyles, we have recently completed work on two brand new soccer pitches at McCulley-Robertson Sports Complex. Huntsville strives to provide inexpensive yet unforgettable recreational activities for both residents and guests. I personally invite you to take advantage of our proximity to some of the finest outdoor recreational sites anywhere.

Our many lakes, rivers, trails and parks offer something for everyone. Reconnecting with the great outdoors, in summer as well in winter, is easy to do in Huntsville. Whatever your tastes and preferences may be there is something exciting happening in Huntsville.

Preparing for the summit has not been easy, and every Huntsville resident can attest to the immense expenditure of time and effort that has gone into laying the foundation for a successful event. While we are committed to showcasing our piece of paradise to the world as an ideal place to live, raise a family, and start a business, our top priority remains the residents of Huntsville.

I believe the efforts we have taken to ensure the highest quality of life will quickly become evident to any person who endeavors to experience our remarkable facilities and outstanding leisure programs.

I would like to take a brief moment to acknowledge our exceptional and inspiring volunteers. One comment I consistently hear from visitors to our town is how our sense of community, collective responsibility, compassion, and commitment to success seems to permeate everything we do. This compliment is largely the product of those countless people who day after day dedicate themselves to the service of others. We cannot for a single moment underestimate or understate the immense impact these good people have on our community. It is because of them, that we live in a truly exceptional town. So, whether you volunteer one day a week, or 200 days a year, we here at Town Hall salute you.

The people of Huntsville have come together to ensure that our community succeeds in not only welcoming the world, but also maximizing this tremendous opportunity to foster growth, progress and prosperity. I am confident that you will be thrilled with the progress we have made this past year.

On behalf of Huntsville Town Council, I invite you explore and engage – you will not be disappointed.

Yours truly,

Claude Doughty

Mayor, Town of Huntsville

On behalf of my fellow Parks and Recreation Committee members we welcome the opportunity to offer our best wishes for a healthy and active spring and summer season.

During our term your Parks and Recreation committee has been developing a vision that will hopefully serve the recreation needs of our community for years to come.

Specifically we have seen the development and acceptance of the 'second ice pad report', the McCulley-Robertson review, the Conroy Park report and most recently a report to establish a 'dog park' for the town of Huntsville. Normally these efforts would be enough for any committee of council or its administration. And then the G8 Summit came along and much of what the community had identified as wishes in the previously mentioned reports are now becoming a reality. This spring and summer will be a transition year for the users of our facilities as we move from construction difficulties to enjoying these new facilities. It is expected that on the May 24th weekend the town of Huntsville will be able to celebrate with its citizens the opening of what is currently being called the Summit Centre. By that time many of you will have already enjoyed the use of our newly improved swimming pool and the two additional regulation soccer fields at McCulley-Robertson. After the G8 events take place it is expected that Conroy Park with its completed artificial soccer pitch and 8 lane running track along with a new set of tennis courts will be completed for the fall school year. As well during the summer months the arrival of Motivations Fitness with a new 7,000 sq ft fitness centre will take place. Facing the river will be a new Active Living Centre whose construction will be well underway. Of course the creation of all these new facilities doesn't come without its difficulties. The Parks and Recreation committee would like to offer its sincerest thank you to all for your patience as we complete these wonderful new additions to our community. These additions and improvements to our community should service the needs of our community for decades to come. Again thank you and we sincerely hope you enjoy your new facilities as they become available.

Yours truly,
Mike Greaves
 Chair, Parks and Recreation Committee

Volunteer Opportunities within the Town of Huntsville

Volunteering is a great way to gain experience, have fun and meet new people in your community.

- Huntsville Centennial Seniors
- Aquatics
- Adult, Youth and Children's Programs
- Centennial Centre Customer Service
- Algonquin Theatre
- Muskoka Heritage Place
- Huntsville Public Library
- Get Involved VOLUNTEER at events taking place in your community

High School Students

Community Involvement Hours

Are you interested in sports and recreation, theatre, aquatics, customer service or heritage? The Town of Huntsville Community Services Department is looking for energetic individuals to volunteer in various positions.

Every Secondary School student, as part of their Ontario Secondary School Diploma must complete a mandatory 40 hours of community involvement. This encourages students to develop an understanding of the various roles and opportunities within their community.

Employment Opportunities

The Town of Huntsville, Community Services has various opportunities for employment. Some opportunities include:

- Children's Programs - Camp Counsellors
- Aquatics – Instructor/Lifeguard
- Parks and Locks
- Concession
- Muskoka Heritage Place

Please visit www.huntsville.ca for the most current employment opportunities or submit a resume.
